THRIVENT CHOICE MEMBERS - IT'S TIME TO DESIGNATE YOUR FUNDS

Attention Thrivent Members - it's that time of the year for you to designate your funds. We here at N.E.W. Lutheran High School would be honored if you would consider us as a designee. You can search for us under North-eastern WI Lutheran High School. The deadline to do so is March 31st.

Thank you!

NEWLHS is holding an OPEN WPCP Meeting on 3/17 from 6 - 7pm. This meeting is open to anyone who has any questions about the WPCP program. No need to RSVP.

BLAZER BUZZ

A Season of Renewal

Then Christ will make His home in your hearts as you trust in Him. Your roots will grow down into God's love and keep you strong. Eph. 3:17

In many parts of the world, spring is a time of renewal. After the cold and stillness of winter, the earth begins to awaken. Flowers bloom, trees bud, and the days grow longer, signaling new life. We can only hope that it's right around the corner!

Christian education is rooted in the belief that every individual, like the earth, can be renewed through Christ. At its core, it's about more than just imparting knowledge. It's about nurturing the whole person—intellectually, spiritually, and emotionally. It teaches students not only how to excel in their studies but also how to live out their faith in a meaningful and impactful way.

Spring is also a season of growth, and an education in our Lutheran schools provides fertile ground for both intellectual and spiritual growth. In our classrooms, students are challenged to grow in their understanding of God's Word and its application to their lives. Just as plants need sunlight, water, and nourishment to grow, our students are given the tools they need to thrive—biblical truths, a strong moral foundation, and the love of Christ.

Students who have been nurtured in our PK-12th grade Lutheran system are not only prepared for future careers or academic endeavors but are equipped to live out their faith in the world. They understand the importance of loving their neighbors, serving others, and using their gifts and talents to glorify God. Just as a farmer reaps the rewards of a well-tended field, Christian education nurtures students into individuals that

will bear fruit in their communities, schools, and families and equips them to live out their faith in the world.

Just as the earth is renewed in the spring, so too can we be renewed in our commitment to Christ, to learning, and to growing in the knowledge and love of God. May this season of spring remind us all of the ongoing process of renewal in our lives, and may we continue to seek the flourishing that comes from a life centered on Christ in our Lutheran school system.

To God be the glory!

More about the movie series:

Are you watching young people immersed in their screens — scrolling through social media, playing video games, and losing focus with ever-decreasing attention spans?

Filmmaker and physician Delaney Ruston uses a personal lens and professional eye to help us all flip the script on **stress, anxiety, and depression**. We follow Delaney as she finds herself at a loss on how to help her own teens as they struggle with their emotional wellbeing. Ruston sets out to understand these challenges in our current screen-filled society, and how we as parents and schools empower teens to overcome mental health challenges and build emotional agility, communication savvy, and stress resilience.

We witness Delaney as she finds her way from ineffective parenting to much-improved strategies. We follow other personal stories of families from an array of backgrounds with a spectrum of emotional challenges. We also observe approaches in schools that provide strategies relevant beyond the classroom setting. Interwoven into the stories are surprising insights from brain researchers, psychologists, and thought-leaders that reveal evidence-based ways to support mental wellness among our youth. The impact of social media and screen time in general is incorporated in topics brought to our attention in *Screenagers NEXT CHAPTER*, how it may be impacting our teen's mental health, and what we can do to help support youth in the face of struggles.
